Schoolgear designed to look smart and stay smart

LIFETIME VALUE

With increasing awareness of the damaging effects of fast fashion, sustainability has rightly become high on everyone's agenda — especially parents. While cheaper clothes have an immediate appeal as money-saving options, the false economy of these garments becomes all too apparent after a few washes. Russell Schoolgear, however, grows in value every week. Designed to look smart and stay smart, our clothes are built to last.

ETHICS

Choose Russell Schoolgear and know that you're choosing ethical production — every time. With us, you can be sure that everything has been produced fairly and safely. We're Oeko-Tex certified for environmentally-sound manufacturing and every supplier we work with is independently audited by WRAP or according to the amfori BSCI standard to ensure they meet our compliance requirements.

OCS 100 — ORGANIC CONTENT STANDARD

The Organic Content Standard (OCS) applies to any non-food product containing 95-100 percent organic material. It verifies the presence and amount of organic material in a final product and tracks the flow of the raw material from its source to the final product. The Russell brand is OCS 100 certified and fulfils all legal obligations of the Organic Content Standard (OCS). The certification only applies to products which are labelled and/or marked with the OCS logo. If a certified product is not treated or decorated in compliance with OCS 100 guidelines, the logo and all reference to OCS 100 must be removed.

GOTS — GLOBAL ORGANIC TEXTILE STANDARD

The Global Organic Textile Standard (GOTS) is recognised as the world's leading processing standard for textiles made from organic fibres. It defines high-level environmental criteria along the entire organic textiles supply chain and requires compliance with social criteria as well. The Russell brand is GOTS certified and fulfils all legal obligations of the Global Organic Textile Standard (GOTS). The certification only applies to products which are labelled and/or marked with the GOTS logo. If a certified product is not treated or decorated in compliance with GOTS guidelines, the logo and all reference to GOTS must be removed.

WRAP — WORLDWIDE RESPONSIBLE ACCREDITED PRODUCTION

Most of our production facilities are independently certified by WRAP, the world's responsible production accreditors, for adherence to international ethical standards.

OEKO-TEX

Our entire Russell collection complies with the Oeko-Tex® Standard 100, which verifies that no illegal or harmful substances are used in the production of any of our garments.
